The University of Advancing Technology strives to improve students’ educational experience. You can help by completing the National Survey of Student Engagement (NSSE). NSSE helps UAT better understand how students spend time in and out of the classroom, which informs decisions for campus and curriculum improvement. This is the third consecutive year UAT has participated in this survey process.

CHECK YOUR EMAIL for your invitation to participate. The survey is administered by Indiana University which surveys over 500 universities and colleges across the United States. The survey is confidential and is administered by NSSE.

Want to learn more before the survey launches? Go to: WWW.NSSE.IUB.EDU
for more detailed information.
